

# Children Have Impact Challenge

A SIMPLE WAY TO INVOLVE CHILDREN IN THE MISSION OF LIFE

## What is it?

- Pass out baby bottles and prayer sheets to your Sunday school classes, children's groups, and/or youth programs to fill from Mother's Day to Father's Day for the ministry of Mend.

## Why Participate?

- Children have impact! Our hope with the challenge is to impact the hearts of our children for Christ by growing them in prayers and participation in ministry. Impacting them as they help to impact others for Christ.

## Request a guest speaker

- One of our staff would be thrilled to come and talk to the children participating in this challenge about how their participation helps parents take care of their new babies. We have true size models of what babies look like at different stages in the womb as well as other interactive materials to teach and grow your children to value and support life.

## Join the Challenge

- Contact Sarah Buttle – [sarah@mendmedical.org](mailto:sarah@mendmedical.org) or (918)745-6000 to sign up and request the number of baby bottles and prayer request sheets you need.
- Here is a video link you can use to teach children the stages of a baby in the womb: [Baby Development Video](#)
